

# VIS a VIS Readers

**Looking for an opportunity to virtually volunteer this semester?  
Become a Vis-A-Vis Reader in a Zoom classroom!**

## **What is Vis-A-Vis Readers?**

Vis-A-Vis Readers is a program that allows teachers to invite a college student volunteer to join a virtual classroom and read from a selected text to their students. The idea is to promote literacy but also give teachers a break from the spotlight while still engaging students on a virtual platform.

## **Who are Vis-A-Vis Readers?**

Vis-A-Vis Readers are trained college student mentors through our University YMCA.

## **How does it work?**

We will have a reading list of books for all grade levels that highlight social justice issues. Vis-A-Vis Readers will join a virtual classroom for 15-60 minute sessions to engage their class through storytelling and conversations about the readings. You are welcome to email us with suggestions or recommendations for readings!
