# Call for Abstracts

The Curriculum and Instruction Graduate Student Organization invite all students interested in topics about education to our 1<sup>st</sup> Annual Forum titled Education Across Collegiate Borders: Developing New Perspectives. This one day event is free for all participants in an effort to support discussions surrounding research to practice, interdisciplinary efforts, and current events affecting education.

We invite abstract submissions for poster presentations. Posters should discuss current education-related research and current education related practices. We look to engage with possibilities for new research between colleges, departments, and students. As an interdisciplinary forum, we welcome submissions from across the university, as well as from undergraduates and graduates alike.

Posters presentations will take place in two half-hour segments and will give presenters an opportunity for discussion and networking. Each author will be provided a QR code for visitors to leave comments and suggestions. The Forum will take place between 8:30 and 12:30 on Saturday, April 2<sup>nd</sup> at the College of Education. By submitting an abstract, a presenting author is indicating they will be available to attend.

Abstracts should be 500 words in length & emailed to [cigradstudents.uiuc@gmail.com](mailto:cigradstudents.uiuc@gmail.com) by February 21, 2016.

Presenters will be notified of acceptance by March 22nd.
