

SOUTH REGION FISHERIES SEASONAL JOB ANNOUNCEMENT - INDIANA

Gain valuable job knowledge with the Indiana Division of Fish and Wildlife in 2021. South Region Fisheries is hiring 6 seasonal naturalist aides to assist biologists with fisheries projects. There are a range of positions with desired start dates as early as March 1, 2021 and extending into November. Summer interns are encouraged to apply also. Locations are at Martinsville, Bloomington, and Winslow. Winslow and Martinsville provide free housing.

Compensation

\$10.75/hour - subject to change. Seasonal naturalist aides work up to 37.5 hours/week.

Responsibilities and Assignments

Seasonal fisheries naturalist aides are hired approximately spring through fall to assist district fish management and research biologists in conducting field and laboratory investigations. This includes lake and stream fish population surveys, angler surveys, fish population estimates, water quality analysis, and vegetation management. Aides assist with biological research projects by gathering and processing data and performing related duties such as operating, maintaining and constructing the equipment used to collect data.

Working Conditions

Seasonal naturalist aides work outdoors in all types of weather conditions. Physical labor can include lifting, walking and working in and around water and in a variety of outdoor and indoor environments. Work assignments may include varied schedules and hours.

Requirements

Seasonal naturalist aides must have a valid driver license and an acceptable driving record.

Desired Skills

Applicants for these positions are expected to have basic knowledge of math and scientific methods, as well as the ability to communicate effectively with the public. Students with a background in fisheries/aquatic sciences are preferred.

To Apply go to this web site; <https://workforindiana.in.gov/> and search for job number 167821. The job name is Seasonal Worker- Fish Research South.

An equal opportunity employer.
