In the second half of the workshop, this material will be applied to a compositional form, introducing tala (rhythm cycles) and incorporating available instrumentation for further development and improvisation.*

All together, the small components of the show add up to create a full-length experience displaying the joys of all three companies!

This year all donations will be going to Crisis Nursery! Crisis Nursery creates an "Island of Safety" dedicated to the prevention of child abuse and neglect by providing free 24-hour emergency care for children, family support, and parenting education to strengthen parent skills and confidence.
