Christopher Capozziello
at Unit One/Allen Hall
2/18-2/28

Christopher Capozziello studied Photojournalism at Rochester Institute of Technology with a concentration in perspectives on religion. His work largely concentrates on inviting viewers into personal stories to understand different facets of life. His work has been exhibited nationally and internationally in numerous group shows, and a number of solo exhibitions. All events are free and open to the public

Monday, February 18th
7pm – Christopher Capozziello: The Foreign and the Familiar (South Rec)
Christopher Capozziello is an American photojournalist whose work has been published and exhibited worldwide. He has been drawn to photographing stories both foreign and familiar to his own, with extensive work examining addiction, racism, healthcare, and American Christianity. His first monograph, The Distance Between Us, is about his twin brother Nick, who has cerebral palsy. The book demonstrates their love and hope set against Chris’ pain and frustration as he watches Nick experience life with much more struggle and pain than he does. Chris will share this deeply personal story as well as a selection of his other work on a variety of topics.

Tuesday, February 19th
7pm – Screening of The Distance Between Us (Art Theater)
6:15pm – Meet at Front Porch
Chris Capozziello has spent more than a decade documenting his twin brother Nick, Nick, only five minutes younger, was born with Cerebral Palsy. As the years go by, the difference between the brothers’ lives grows larger. At age 35, Nick is finally able to take his first steps towards independence, but is he ready? His parents seem to think so, but Chris fears the worst.”It’s like that feeling you get in your gut that tells you that something bad is going to happen, and there’s nothing you can do to stop that.” Meet at the front porch at 6:15pm to head over with PA Anna! Free popcorn for all Allen students!

Wednesday, February 20th
4pm – The Foreign and the Familiar: Photojournalism as Visual Ethnography (Spurlock Museum)
Since he first picked up a camera as a teenager, Chris has been drawn to photographing his twin brother Nick, who has cerebral palsy. The time Chris spends looking through his camera at Nick has forced him to ask questions about suffering and faith and why anyone is born with disability. In this presentation, Chris will show his work and discuss how his photographs of Nick’s life, and of their shared life, have provided a reflective space within which Chris has been able to recognize and process the anger and shame he felt growing up as the healthy twin. Reception to follow.

9pm – Tea Time w/ Chris Capozziello (Guest Apartment)
Informal discussion with Chris about photography, photojournalism, visual storytelling, visual literacy, issues raised by his work, careers in photography or photojournalism, or whatever else comes up. Snacks and tea provided.

Thursday, February 21st
5pm-7pm – Exhibition Opening and Artist Lecture: The Distance Between Us (University YMCA)
Artist’s remarks at 5:30pm. On display through Saturday, March 30, 9am-9pm Mon-Fri
