Additional Resources

- [Seven Key Principles: Looks Like/Doesn't Look Like](#) is a document that elaborates on the 7 key principles identified by work group members, listing the concepts underlying the brief statements. Each principle also has descriptive statements illustrating what the principle should "look like" in practice. There are also descriptions of what it "doesn't look like" because too often those practices are still being used.
- [Early Childhood Technical Assistance Center](#) – This website includes resources connected to [service coordination](#) under Part C of IDEA as well as resources to support [relationship-based practices](#).
- [EI Video Library](#) – Visit this library to see more videos that illustrate evidence based early intervention practices, including several videos of related to service coordination.
- [Illinois EITP Service Coordination Resource Page](#) - This resource page includes links to national resources, Illinois resources, and recommended readings.
- [Introduction to Service Coordination](#) – Online resource version of the IL SC training which includes information on what early intervention is, foundations of early intervention, national and state perspectives on service coordination and a review of service coordination then and now.
- [Service Coordination](#), VA Early Intervention Professional Development Center – This resource page includes archived webinars, articles, handouts, videos, a free online learning module, and links to websites related to service coordination.

This webinar is a collaborative project of the National Service Coordination Training Workgroup, a sub-group of the Early Intervention-Early Childhood Professional Development Community of Practice.

TRAINING WORKGROUP

- **Illinois Early Intervention Service Coordination Training “Courses”** – Below are links to some short courses (8 minutes or less) within the blended service coordination training that pertain to building relationships with families:
 - [Working with Families](#)
 - [Building Relationships](#)
 - [Key Communication & Considerations Working with Families](#)
- **Reflection Tools** - These reflection tools for service coordinators outline suggested practices within the family-guided routines-based intervention framework and include all of the federal responsibilities for service coordinators under Part C of IDEA. The tools are not to be used as a checklist, but rather as a self-reflection tool and conversation starter about service coordinator practices during reflective opportunities with peers and mentors. Please note there is a version for dedicated service coordinators as well as those who fulfill a dual or blended role as a service coordinator and early intervention provider.
