Brown-belted honey bee hiding
out at Sagawau.

Help naturalists at Sagawau Environmental Learning Center spot bumble bees and honey bees for U of I's Bee Spotter project.

Bee Spotting in the Field

Sunday, June 3 • 1 pm

Help conserve bumble bees and honey bees by taking pictures of them. Naturalist will lead you to ideal spots in the field for spotting bees and point out the best angles for field photos.

Call 630-257-2045 to register.

Bee Sit

Sunday, September 9 • 1 pm

Enjoy a leisurely sit among wildflowers as we learn to identify and photograph native pollinating insects for the Native Bee Monitoring Project. Bring your camera and camp chair.

Call 630-257-2045 to register.
