UIC SnAP HOW TO'S

UIC SnAP is a campus-wide scholarship management system that holds over 500 scholarships for UIC students. Students may use this single portal to view and apply for all scholarships at UIC.

To begin using SnAP, go to snap.uic.edu and login as a UIC student, you use your netid and associated password to log in. In order to receive scholarship consideration, you MUST fill out the General Application and Profile Information.

GENERAL APPLICATION

The General Application serves as your base scholarship profile so you MUST complete it to be eligible for scholarships. Answering the questions thoroughly maximizes the SnAP system's ability to match your profile to appropriate scholarship opportunities.

To maximize your scholarship consideration, be sure to take the following steps while completing your General Application:

- Review the "Applicant Record" tab to ensure all information is accurate. Should you find inaccurate information, please contact the appropriate office for corrections or updates to your applicant record.
- If you have additions or corrections after you have submitted your General Application, please UPDATE it as you apply for new awards.

Please note that a new General Application must be submitted each academic year. Students may visit UIC SnAP starting on September 1, 2021 to submit a General Application for the 2022-2023 academic year.

FINDING SCHOLARSHIPS IN SnAP

Scholarships in SnAP are called "Opportunities." SnAP generates recommended scholarships by cross-referencing your Applicant Profile and General Application with the scholarships available at UIC. Before applying to a scholarship, double-check that you meet the required criteria.

The "Ours" link will list all UIC opportunities. You can search scholarships by keywords or using the filter tab located in the upper-right corner. There are three types of scholarships listed:

- **Auto-match Scholarships:** You don't have to do anything further for these because you completed the general application.
- **Apply Scholarships:** Complete the additional questions and/or supply the requested documents to be considered for these awards.
- **External Scholarships:** UIC SnAP connects you to awards that are outside the scholarship system.

If you are having problems using the SnAP system, please contact snaphelp@uic.edu.

If you have questions or issues regarding the application itself, please contact the listed scholarship administrator.

**APPLICATIONS OPEN SEPTEMBER 1ST AND
CLOSE DECEMBER 1ST**

DO'S AND DON'TS FOR SCHOLARSHIP APPLICATIONS

DO

- 1 Reread the entire prompt.
- 2 Organize your thoughts before you start to write your essay. Consider creating an outline, word map, or at least bullet points of major points for the essay.
- 3 Ensure that you have covered every question/topic asked of you in the prompt.
- 4 Include the name of the scholarship for which you are applying.
- 5 Take your essay to the Writing Center. Not only for grammar check and editing, but also if you are unsure how to begin.
- 6 Have at least one other person with strong writing skills proofread your essay.
- 7 View this essay as a very important document – one that deserves a lot of time and effort.

DON'T

- 1 Do not use the same essay for multiple scholarship questions.
 - 2 Do not plagiarize. In other words, do not use someone else's writing in your essay.
 - 3 Do not include false information in your essay.
 - 4 Do not wait until the last minute to write the essay. This scholarship could enable you to cover costs that might otherwise require you to work many, many hours. Therefore, it should be worth at least several weeks of your time to persuade the scholarship committee that you should be awarded their money.
